ABOUT US

Ata Al-Tamayuz Trading Establishment ("ATA") is a Saudi-based trading and general contracting company registered with the Ministry of Commerce, Kingdom of Saudi Arabia. ATA was founded with a clear objective: to provide dependable, high-quality industrial trading, contracting and information technology solutions to clients operating in the Kingdom's petrochemical, oil & gas, steel, mining and manufacturing sectors.

Since its establishment, ATA has grown rapidly to become a full-service provider across Mechanical, Civil, Electrical, IT and Material Supply disciplines. Our capabilities span the supply of industrial materials and equipment, complete Information Technology infrastructure solutions, and general contracting and operation & maintenance support for major industrial facilities across the Eastern Province and beyond.

ATA's absolute commitment to customer satisfaction, safety and quality has played a key role in building long term partnerships with a growing base of blue-chip clients, including national giants such as Saudi Aramco, SIPCHEM, Ma'aden, Zamil, and many more.

Your Trusted Partner for Excellence

What We Do

- Industrial Material Supply & Trading
- Information Technology Solutions & Infrastructure
- General Contracting & Civil Works
- Scaffolding Services
- Electro-Mechanical Works
- Operation & Maintenance Services
- Manpower Supply & Industrial Support
- Heavy Equipment Rental
- Fabrication, Erection & Welding

*Committed to Quality, Safety and Timely Delivery
Every Step of the Way*

OUR POLICIES, VALUE, MISSION & VISION

Quality Policy

Ata Al-Tamayuz Trading Establishment is committed to providing quality products and services to its customers, consistent with all applicable local and international standards, contractual requirements and regulations, across Mechanical, Civil, Electrical, Information Technology and Material Supply activities.

To achieve this commitment, ATA has adopted a Quality Management System that is embedded across all company processes and communicated to every member of the organization. We establish measurable quality objectives, review results periodically, and strive to continually improve our performance so that we consistently meet and exceed our customers' expectations.

Top management provides the resources, training and leadership necessary to implement and sustain the requirements of our Quality Management System, ensuring that quality remains the responsibility of every employee, at every level.

Health, Safety & Environment (HSE) Policy

ATA's HSE Policy is to provide and maintain a safe and healthy working environment, and to follow operating practices that safeguard our employees, our clients, our property and the environment in every activity we undertake.

We are committed to educating and influencing every member of ATA and our working partners to embrace safety, health and environmental policies, practices and procedures that prevent losses arising from avoidable causes. Safety is treated with the same priority as quality, productivity and cost management at all levels of the organization.

Each individual within ATA carries a legal and moral obligation toward the safety and well being of colleagues and the community. This responsibility is accepted and upheld by everyone who conducts the affairs of our company, our goal is zero injuries and an accident-free workplace.

Our Mission

Our mission is to deliver the highest level of quality of service to our customers at a fair and market-competitive price building longevity for our company through repeat and referral business earned by customer satisfaction in timeliness, attention to detail, and a service minded attitude.

We maintain the highest levels of professionalism, integrity and honesty in our relationships with suppliers, subcontractors, professional associates and customers.

Our Vision

To be the preferred market leader in Trading, Contracting and Information Technology solutions in the Kingdom of Saudi Arabia, recognized for quality, integrity and timely execution of projects, while sustaining growth for our company, our people and the communities we serve.

Our Core Values

- Ensure client satisfaction
- Maintain integrity of ATA and our partners
- Apply best operating standards for a quality end product
- Be socially responsible in our community
- Ensure timely handover of projects
- Foster teamwork and continuous improvement

Our Standards

- Creating an environment of teamwork
- Complying with requirements and management systems
- Maintaining consistent quality of services
- Meeting or exceeding customer requirements

INFORMATION TECHNOLOGY SOLUTIONS

ATA offers a full range of IT solutions and support, delivered through distinctive technical skills and vast domain expertise to help clients realize their business goals. As globalization intensifies competition, a knowledgeable and capable IT partner becomes critical to success.

ATA is focused on delivering complete, end-to-end IT solutions.

IT Infrastructure Security

Information security is the process of preventing destruction, theft, alteration or misuse of sensitive information. ATA's IT security solutions provide the design and architecture of a realistic solution based on the business environment, minimizing threats and risk through defense-in-depth and multi-layered defense mechanisms ensuring several layers of protection even if malicious actors penetrate part of the system.

- Security auditing and consultancy
- Security system analysis and re-engineering
- System monitoring and reporting
- Data center security services
- Unified Threat Management (UTM)
- VPN installation and configuration
- Security policies, procedures & high availability
- Anti-virus / Anti-Spam solutions
- Internet content filtering
- Intrusion Detection & Prevention (IDS/IPS)
- Patches and updates management
- Authentication and authorization

Cisco Services and Solutions

As a trusted Cisco solutions partner, ATA understands the unique requirements of small and large businesses alike. Our trained personnel cover routing and switching, voice and unified communications, wireless deployments, and network and security delivering solutions that enhance technology while improving performance and productivity.

- Infrastructure consultancy and design
- Core and access switch/router installation
- Wireless point-to-point link installation
- WAN connectivity (leased line, MPLS, IP/VPN, VSAT)
- Advanced configuration (QoS, HA, load balancing)
- Internet links planning, supply & installation
- Wireless network design & installation
- System upgrades, expansion & smart-net services

DATA CENTER & IP TELEPHONY SOLUTIONS

- Intelligent Datacentre
- IP Telephony

CABLING & NETWORK INFRASTRUCTURE

- Structured Cabling
- Fibre Optic Network

SECURITY & ACCESS CONTROL SYSTEMS

- CCTV Surveillance Systems
- Biometric Attendance System

MATERIAL SUPPLY

Ata Al-Tamayuz Trading Establishment ("ATA") is a reliable supplier of premium civil, electrical, mechanical and instrumentation materials, a curated range designed to support every project requirement across petrochemical plants, oil & gas facilities, refineries, fertilizer plants and steel industries.

CONSTRUCTION/ CIVIL ENGINEERING

FENCING WORKS

Crash rated fence system

Aramco standard fence systems

High commission for Industrial Security fence system

Installation of Gates, Road breakers, and Beam Barriers

SITE PREPARATION

- Land Surveying
- Earth Works.
- Land Leveling
- Backfilling & Compaction
- Drainage systems
- Dewatering System
- Construction of access roads

Construction of reinforced cement concrete structure and steel structures

Water Proofing Works

All Kind of painting works including protective coating system

Supply and Installation of scaffolding system

Road works

- Asphalt road construction.
- Concrete road construction
- Installation of road traffic sign boards, Barricades, Kerb stone & paver blocks.

INDUSTRIAL SUPPORT

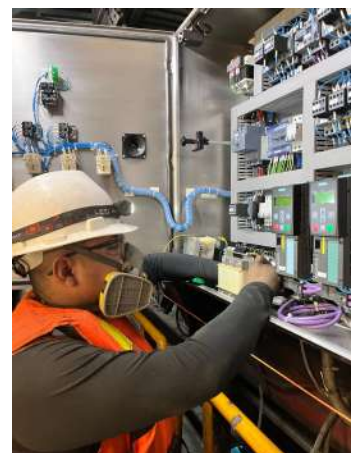

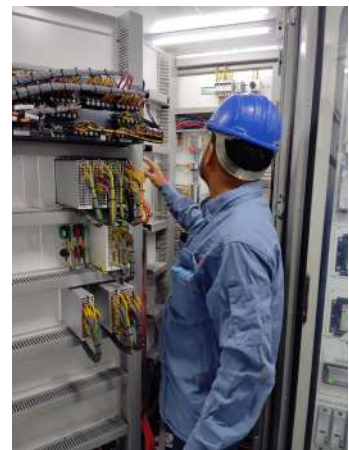

Ata Al-Tamayuz Trading Establishment ("ATA") supports your need for technical and administrative manpower resources by providing experienced blue collar and white collar professionals capable of project life cycle support, be it design, engineering or supervision.

Ata Al-Tamayuz Trading Establishment offers you years of expertise gained by providing professionals to leading companies. Our experience includes supporting Industrial giants such as SABIC, SAUDI ARAMCO and many other leading firms.

ELECTRICAL ENGINEERING SERVICES

- Electrical Power and Lighting Reticulation
- Fire smoke detection system
- Telephone and data reticulation
- PPABX systems
- Access Control/Security Systems
- Public Address and Voice Evacuation Systems
- Emergency Standby Generator Plants
- Data Network System Installation
(Voice & Data Structured Cabling Systems)
- Lightning Protection

MECHANICAL ENGINEERING & PIPING SUPPORT SERVICES

- Plumbing, and Process Piping
- Fire Protection Systems
- Heating, Ventilation, and Air-Conditioning (HVAC)
- Boiler and Chilled Water Plants
- Direct Digital Control Systems
- Lifts and Escalators
- Fire protection systems (computer rooms, archives, etc.)
- Smoke control and fire detection systems
- Irrigation systems designs
- Borehole water systems design
- Sprinkler Installations

STRUCTURAL STEEL FABRICATION & ERECTION

- Structural steel fabrication and Erection including pre-engineered and hot rolled steel framed building.
- Pipe racks and Equipment structure.
- Our expertise in fabrication and Erection in variety of erection projects provide a significant complimentary contribution to our construction activities.

SCAFFOLDING SERVICES

Ata Al-Tamayuz Trading Establishment provides all types of onsite services of scaffolding supply with erection and dismantle with skilled manpower, a team of expert supervisors which look after the scaffolding & follow the health safety protocols which is utmost priority both to ATA & to our clients. We **Ata** accredited by KSA Municipality for design engineers to cater for scaffolding

We are very proud of our facilities and have a large industrial base to undertake light duty to heavy duty fabrication to manufacture fast and accurate SCAFFOLDING products.

Every piece that we manufacture bears a smooth finish both inside and outside, concentricity, diameter and thickness.

Quality control begins right from sourcing of raw material stage itself.

The products manufactured adhere to the international standards.

FIREALARM

Mechanical-Rotating Equipment Overhauling and Inspection of the following

Type of rotating equipments.

- Turbines
- Pump and Agitators
- Compressors
- Gear Boxes

Typical fire alarm services would include things like:

- Fire alarm system installation
- Smoke and heat detectors
- Manual call points
- Testing, commissioning, and maintenance
- Sounders and strobes
- Fire alarm control panels
- Emergency voice evacuation systems

OPERATION & MAINTENANCE

- Maintenance projects- Repair, Modification or Upgrading- Civil / Mechanical / Electrical Refurbishment and Renovation
- Concrete Repair
- Water Proofing
- On Site Fabrication & Erection
- Plant Maintenance works
- Support Services for plant construction works
- Mobile Equipment Rental
- Short- Term & Long-Term Manpower support
- Plant Turnaround & Shutdown Support

MANPOWER RESOURCES

We are offering manpower resources from international and local market. Based on the requirement of the client we scrutinize and provide the right person for the right job. Workers ranges from Labor to Mangers we are providing.

Supervisors / Inspectors

- Civil Surveyor
- Safety Inspector
- Electrical Supervisor / Foreman
- Instrument Supervisor/ Foreman
- Piping Supervisor / Foreman
- Mechanical Supervisor / Foreman
- Structural Supervisor / Foreman
- Rigging Supervisor
- Metrical Coordinator
- AutoCAD Operator

General Workforce

- Light Driver
- Heavy Driver
- Mechanic Helper
- Crane Operator
- Forklift Operator
- Bob Cat Operator
- Man Lift operator

Engineers / QA/QC

- Mechanical QC / Engineer
- Civil QC /Engineer
- Electrical QC /Engineer
- Instrumentation QC /Engineer
- Structural QC / Engineer
- Piping QC / Engineer
- Safety Manager / Engineer
- Painting and Insulation Engineer
- Planning and Scheduling Engineer
- Estimation Engineer
- Quality Control Engineer
- Safety Engineer

Electro Mechanical Workforce

- Pipe Fabricator
- Pipe Fitter
- Millwright
- Instrument Technician
- Instrument Fitter
- Industrial Electrician
- Tig & Arc Welder
- 6G & 3G Welder
- Rigger II TUV Certified
- Rigger III TUV Certified
- Scaffolder TUV Certified
